

# Air Purifier

**HEPA FILTER**

HIGH EFFICIENT PARTICULATE AIR

**AC-225i**

**3 Way  
AIR INTAKE**

**air ionizer**

**KILLS  
99.97%  
OF AIR BORNE CONTAMINANTS**

**Silent  
MOTOR**

**Consumes 50% less energy • Ionizer function  
Ultra-silent fan motor design**

## TECHNICAL DESCRIPTION

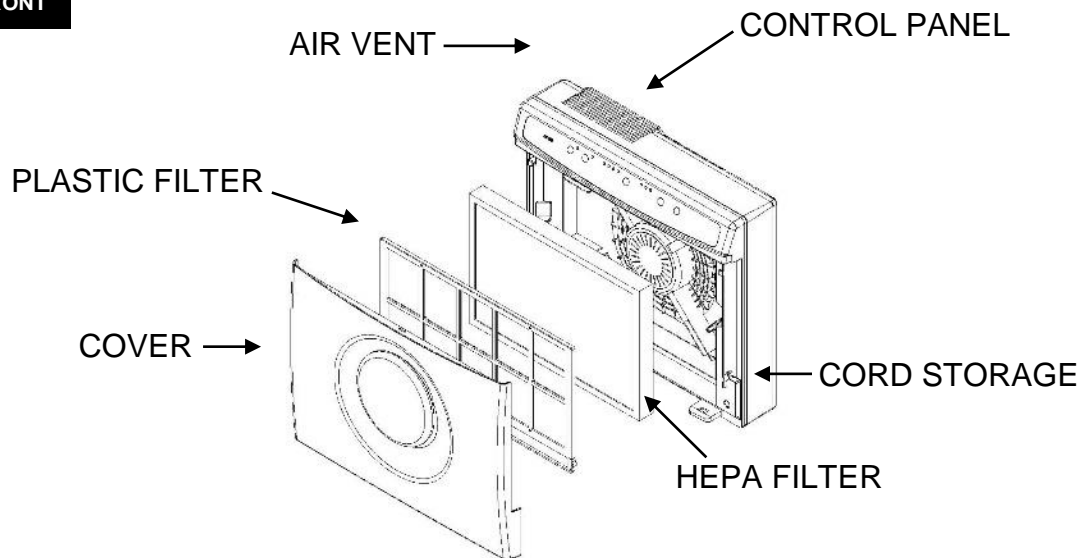

Model No : AC-225i  
Input Voltage : 230 V.a.c.  
Power : 38 watts

## IMPORTANT SAFEGUARDS

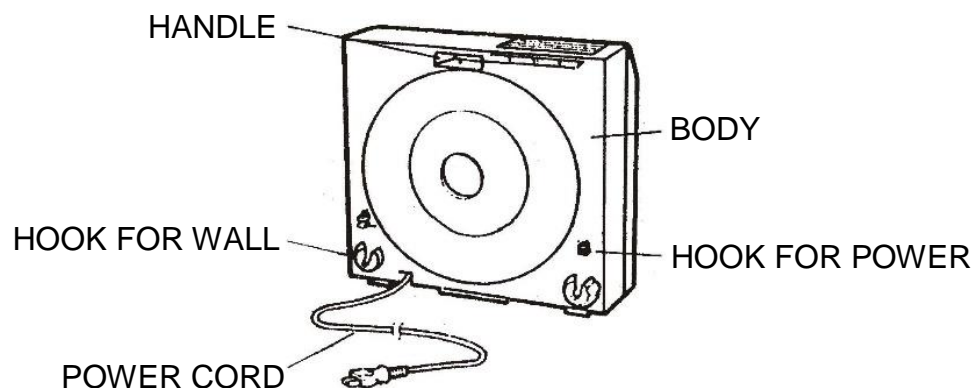

1. Read all instructions carefully.
2. Before using the unit, check if the voltage indicated corresponds with the convenience outlet (230 V.a.c.).
3. Do not use any appliance with a damaged cord or plug. If the cord is damaged it should be replaced with the same type and size or bring the unit to the nearest authorized service center.
4. Do not use two-way socket with other appliance.
5. Close supervision is necessary when any appliance is used by or near children.
6. To protect against electric shock, do not immerse the unit in water.
7. Do not use this unit on narrow spaces.
